Statements in relation to the Secured Notes:

- the Secured Notes are classified as secured notes because, among other things, the Issuer has provided a first ranking security over the assets of the Issuer (**Secured Assets**) in favour of the Trustee to secure the repayment of money due to investors;
- the repayment of all money that has been, or may be, deposited or lent under the Secured Notes has been secured by a first ranking security interest in favour of the Trustee over the Secured Assets;
- the Secured Assets of the Issuer predominantly comprise loan receivables, which are secured by registered mortgages over real property.
- for the purposes of the *Personal Property Securities Act 2009 (Cth)*, the first ranking security is a fixed and floating charge over the Secured Assets and general security interest in all present and after acquired property of the Issuer;
- the value of the Secured Assets is not affected by the financial position or performance of a related body corporate or related party of the Issuer;
- in the Issuer's assessment, the Secured Assets are sufficient to meet the liability for the repayment of the Secured Notes and any other liabilities of the Issuer that rank in priority or have equal priority to the Secured Notes; and
- the Secured Notes are not bank deposits and the depositor protection provisions in the *Banking Act 1959 (Cth)* will not cover your investment in the Secured Notes. There is a risk that a Secured Note holder may lose all or part of that investment.

On the basis of the above, the undersigned certify that they are of the view that the financial position and performance of the Issuer is such that the property of the Issuer (and of each guarantor, if relevant) that is or should be available will be sufficient to repay the amount of each Secured Note when it becomes due and payable.

This Quarterly Report has been prepared in accordance with a directors' resolution dated 25 July 2023.

Signed:

KENNETH MARK FLINT
